## To All Bidders

Dear Sir/Madam

### CLARIFICATION NO. 1 TO TENDER NO. ZETDC/INTER/01/2023 FOR DESIGN, MANUFACTURE, SUPPLY, DELIVERY, INSTALLATION AND COMMISSIONING OF 175MVA, 330/132/11KV POWER TRANSFORMER AT ALASKA 330KV SUBSTATION

The above subject matter refers.

Below is a response to a query raised by participating bidder for Tender No. ZETDC/INTER/01/2023 for the Design, Manufacture, Supply, Delivery, Installation and Commissioning of 175MVA, 330/132/11kV Power Transformer at Alaska 330kV Substation:

#### Query:

We kindly request your good office to provide us with the missing pages (70 to 87) of the referenced tender document that we are participating in. This will enable us to complete a technically compliant bid best suited to the tender request.

#### Answer:

Part of the Standard Bidding Document (SBD) marked pages 70 to 145 of 145 has been rescanned and uploaded with **all** pages as indicated on the ZETDC website, i.e. **pages 70 to 145 of 145**. This has been done as a replacement to the one that was scanned and uploaded with missing pages 70 to 87 due to oversight during the scanning and uploading of the document on the ZETDC website.

**N.B.** Due to limitation of size when uploading the Standard Bidding Document (SBD) for the above mentioned tender on the ZETDC website, the SBD was uploaded with two (2) scanned files, i.e. pages 1 to 69 of 145 and pages 70 to 145 of 145.

Hence, the SBD for the above mentioned Tender **ZETDC/INTER/01/2023** has been uploaded in two (2) parts, i.e. **pages 1 to 69 of 145 and pages 70 to 145 of 145**, which are to be read together in response to this International Tender.

Yours faithfully

**F. NYAMAKAMBO**  
**SUPPLY CHAIN MANAGER**
